*) Avant la guerre européenne le lev a été au pair du franc; après les guerres, les mêmes emprunts sont payés conformément aux conventions conclues avec les porteurs des titres; les sommes pour intérêts et amortissements sont indiquées suivant le plan d'amortissement — le franc au pair du lev et les sommes totales des mêmes emprunts sont calculées sur la même base (le franc = au lev).
 1) Les amortiss. de la dette de l'occup. de l'ex-Roumélie Orientale depuis l'année 1916 et de l'emprunt 4 1/2%, 1909 sont soustraits.
 Les sommes en étant retirées du trésor de l'Etat et déposées à la Banque Nat. de Bulgarie jusqu'au 1. IV. 1926 pour être payées à la Russie après la restitution des relations. — 2) La dette d'occupation de l'ancienne Roumélie Orientale sera indiquée à l'avenir en roubles-papier.
