*) Voir remarque *) page 529. — **) Voir remarque **) page 527.

3) La somme considérable des dépôts des coopératives de logements en 1924 est due à ce que 3 coopératives ont passé dans leurs bilans comme dépôts les sommes recueillies pour constructions. — 2) La valeur comparativement petite des biens immeubles de toutes sortes de coopératives en 1920—1922 inclusivement est due à ce que la valeur d'une grande partie des biens immeubles est prise ensemble avec celle des biens meubles, comme inséparables dans les bilans. — 3) La diminution des pertes des coopératives pour achats, ventes et remaniements en commun dans le domaine de l'économie rurale en 1928, en comparaison avec 1927 et 1929, est due à ce que la coopérative de tabac „Assénova Krépost“, à Stanimaka pour l'année 1928 a indiqué comme perte nette seulement 9,420,000 lévas, le reste de la perte de 11,152,369 lévas étant passé dans le compte „autres passifs“.
